
Sadie's Song

Adrienne Young

CAPO 3

Em D Em D

Em D
Pretty boy, my faithless fallen angel
Em
took me completely in his arms
D
in his eyes, I saw Eden's garden
Em
but the serpent lay hidden in his charms
C G
well, I used to like to sing with the sunlight in my hair
C B7
till that fateful day when I followed him there

C G
he said, climb, little Sadie, higher
D Em
spread them downy wings and fly
C G
you will find your crown of gilded glory next to mine
D B7
climb, little Sadie, climb

Em D
icy winds up on Lookout Mountain
Em
chilled two bodies to the bone
D
but for that man, I did gladly lay down my back
Em
upon a bed of stone
C G
well, I used to like to sing with the sunlight in my hair
C B7
till that fateful day when I followed him there

C G
he said, climb, little Sadie, higher
D Em
spread them downy wings and fly
C G
you will find your crown of gilded glory next to mine

D climb, little **B7** Sadie, climb
