# Signs in the Stars

## Chris Edwards 12/2010

C form, original key Eb - for guitar CAPO 3

**C Cmaj7 C Cmaj7 C Cmaj7 C G**

intro

**C Cmaj7 C G**  
By now you know the man that I am,

**C Cmaj7 F**  
Becoming more of me -

**C Cmaj7 C G Dm**  
By now we've seen our seasons turn around enough to know

**F C**  
This is where we want to be.

**G C**  
So read the signs in the stars

**F G C G Am**  
That trace back to our yard and fall around our heads

**F G C**  
To light the ground we tread.

(TURN AROUND: C - Cmaj7 - C - Cmaj7)

**C Cmaj7 C G**  
I was never good at leaving much to chance -

**C Cmaj7 F**  
I tend to let things be.

**C Cmaj7 C G Dm**  
But I'd bet my last dollar that I'm sure of you,

**F C**  
And I'm sure you're sure of me.

**G C**  
So read the signs in the stars

**F G C G Am**  
That trace back to our yard and fall around our heads

**F G C**  
To light the ground we tread.

(REPRISE INTRO)

**F C**  
More questions than answer

**F Am**  
To figure out along the way,

**F C G**  
But there's time enough for that in the coming days.

(TURN AROUND: C - Cmaj7 - C - Cmaj7)

**C**                    **Cmaj7**                    **C**                    **G**  
A hundred years from now we'll be at rest  
**C**                    **Cmaj7**                    **F**  
Beneath the hillside where we sat.  
**C**                    **Cmaj7**                    **C**                    **G**                    **Dm**  
But while I'm breathing I'll be at your side and you know  
**F**                    **C**  
you can hang your hat on that.

**G**                    **C**  
So read the signs in the stars  
**F**                    **G**                    **C**                    **G**                    **Am**  
That trace back to our yard and fall around our heads  
**F**                    **G**                    **C**  
To light the ground we tread.
